Media Release

The Kapawe'no First Nation realizes that our on and off reserve members may be struggling during this difficult time. We understand how challenging this time can be and so we have created an outreach program. This program can be accessed by all of our on and off reserve members and surrounding area's daily from 10:00am to 4:00pm. Our program is designed to help address a number of issues such as domestic violence, alcohol and drug abuse, anxiety and depression. Kapown also has the ability to refer to specialized Mental Health professionals for those that require further assistance. As part of this program Kapown will be running online Alcoholics Anonymous and Narcotic Anonymous meetings through the zoom platform three times per week.

Do you feel like the walls are closing in?

Are you struggling with drugs and or alcohol?

Do you feel overwhelmed and just need to talk?

We can help.
